Dear Madeline Behette:

Your Eligibility Form for the September 11th Victim Compensation Fund (VCF) has been reviewed. You submitted an Eligibility Form on behalf of MICHAEL BEHETTE. Your claim number is VCF0007802. The Claims Evaluator determined that your Eligibility Form was substantially complete on December 30, 2014. As stated in the Regulations and on the Eligibility Form, by filing a substantially complete Eligibility Form, you have waived your right to file or be a party to a September 11th-related lawsuit.¹ For more information about this topic, please review Frequently Asked Questions (FAQ) 7.1-7.4 on <http://www.vcf.gov/faq.html>.

The Decision on your Claim

The VCF has determined that the decedent meets the eligibility criteria established in the statute and regulations and that you meet the requirements as the Personal Representative of the decedent. Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, the decedent has been found eligible for the following injuries:

- METASTATIC LUNG CANCER
- OTHER CHRONIC BRONCHITIS AND RELATED PHYSICAL CONDITIONS:
UNSPECIFIED DISEASE OF RESPIRATORY SYSTEM
- UNSPECIFIED SINUSITIS
- Injuries that were found eligible by the first iteration of the September 11th Victim Compensation Fund that operated from 2001 to 2004 ("VCF1")

Although the decedent's VCF1 injuries are again eligible under the current VCF, it does not necessarily mean that you are entitled to receive additional compensation on behalf of the decedent. Because the decedent was previously compensated by VCF1 for some or all of these injuries, you will only receive additional compensation if the decedent suffered losses that were not included in the decedent's VCF1 award. For example, if the decedent was determined to be disabled from these conditions since receiving the VCF1 award and that award did not include future lost earnings, you may be eligible for that loss now. For more

information regarding the ability to participate in the VCF after submitting a claim in VCF1, please see FAQ #2.12 on the VCF website.

Please note that there are several reasons why an injury that you think should be eligible is not listed above. For non-traumatic injuries, the name of the injury is based on the information provided by the WTC Health Program and there may be different names for the same injury. Additionally, the injury may not be listed if it was only recently certified for treatment by the WTC Health Program.

What Happens Next

If the decedent was certified for treatment by the WTC Health Program for a condition not listed above, you should amend your claim. Please see the VCF website for details on how to amend your claim. The VCF will contact the WTC Health Program to confirm the condition is eligible.

If you believe the decedent had eligible injuries not compensated under VCF1 or treated by the WTC Health Program and you would like the VCF to consider those injuries before calculating the amount of any compensation, you should amend your claim. If you choose to amend your claim, you will need to use the VCF Private Physician process. The Private Physician process is a way for the VCF to gather the required information about the decedent's treatment in order to process your claim. All forms are available on the VCF website under "Forms and Resources." The website also includes detailed information and instructions on the Private Physician process.

If the decedent did not have injuries other than those listed above, you should submit your Compensation Form and required supporting materials. If you have already submitted your Compensation Form, you do not need to take any action at this time. The VCF will calculate the amount of any compensation based on the conditions listed above after all compensation-related documents are submitted.

Please remember all information and materials must be submitted to the VCF by October 3, 2016.

If you have questions about the information in this letter or the claims process in general, please call our toll-free Helpline at 1-855-885-1555. For the hearing impaired, please call 1-855-885-1558 (TDD). If you are calling from outside the United States, please call 1-202-514-1100. Dear Shirley Carlock:

Your Eligibility Form for the September 11th Victim Compensation Fund ("VCF") has been reviewed. You submitted an Eligibility Form for Deceased Individuals on behalf of OWEN CARLOCK. Your claim number is VCF0011459. The Claims Evaluator determined that your Eligibility Form was substantially complete on October 1, 2014. As stated in the Regulations and on the Eligibility Form, by filing a substantially complete Eligibility Form, the right to file or be a party to a September 11th-related lawsuit on behalf of the decedent and his or her survivors has been waived.¹ For more information about this topic, please review Frequently Asked Questions ("FAQs") #7.1 thru 7.4 on the VCF website at <http://www.vcf.gov/faq.html>.

The Decision on your Claim

The VCF has determined that the decedent meets the eligibility criteria established in the statute (the Zadroga Act and the original statute) and that you meet the requirements as the Personal Representative of the decedent. Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, the following injuries have been found eligible:

- CHRONIC LARYNGITIS AND RELATED PHYSICAL CONDITIONS CERTIFIED BY THE WTCHP: OBSTRUCTIVE SLEEP APNEA
- ESOPHAGEAL REFLUX AND RELATED PHYSICAL CONDITIONS CERTIFIED BY THE WTCHP: OBSTRUCTIVE SLEEP APNEA
- OTHER CHRONIC BRONCHITIS
- SIMPLE CHRONIC BRONCHITIS
- UNSPECIFIED CHRONIC BRONCHITIS
- UNSPECIFIED SINUSITIS AND RELATED PHYSICAL CONDITIONS CERTIFIED BY THE WTCHP: OBSTRUCTIVE SLEEP APNEA

Please note that there are several reasons why an injury that you think should be eligible is not listed above. First, for non-traumatic injuries, the description of the injury is based on the information provided by the WTC Health Program and there can be several alternative descriptions for the same injury. Additionally, a WTC Health Program physician may have provided testing or treatment for an

injury even if the injury has not been certified for treatment. Finally, an injury may not be listed if it was only recently certified for treatment. The VCF regularly receives updated information from the WTC Health Program and will notify you if additional injuries are certified during the processing of your claim.

What Happens Next

The VCF will determine the compensation amount based solely on the eligible injuries listed above. If you have not already done so, please submit the Compensation Form for Deceased Individuals and the required supporting documents as soon as possible. To reduce administrative costs and speed claims processing, you are encouraged to submit the Compensation Form through the VCF's web-based claim system at www.vcf.gov. If you wish to complete the Compensation Form in hard copy, you may download and print the form from the VCF website or call the toll-free Helpline at 1-855-885-1555 to request a form be mailed to you. For the hearing impaired, please call 1-855-885-1558 (TDD). If you are calling from outside the United States, please call 1-202-353-0356.

When submitting the Compensation Form, please be sure to complete and submit the proposed distribution plan, including the requested information about each individual you propose to receive a portion of the award. Please also complete and submit the VCF ACH Payment Information Form. This form can be found on our website under "Forms and Resources." The completed form must be submitted before the VCF can arrange for any payment.

The VCF will be able to determine the compensation amount based on the eligible conditions after all compensation related documents are submitted. When you receive your compensation decision letter, you will have the right to appeal. In that appeal, you have the right to assert additional injuries that you believe are eligible and should be compensated. For purposes of the statutory deadlines, the injuries listed in your claim form and the injuries certified as eligible will be deemed "filed". You will receive instructions on the appeal process when you receive the letter with details of the compensation decision.

If you have questions about the information in this letter or the claims process in general, please contact our toll-free Helpline at the number noted above. Every effort will be made to respond to your inquiries as soon as possible.

Dear JOAN COSTELLO:

The September 11th Victim Compensation Fund ("VCF") previously sent you an Eligibility determination letter on October 30, 2018 for the claim you submitted on behalf of JAMES COSTELLO. Your claim number is VCF0099031. The letter included a list of condition(s) deemed eligible for compensation. During subsequent review of your claim, the VCF discovered an error in that list. This letter provides the complete list of conditions for which you are eligible for compensation and supersedes and replaces the previous letter.

The Decision on your Claim

The VCF has determined that you meet the eligibility criteria established in the statute and regulations. Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, you have been found eligible for the injuries listed below. *This list includes all injuries for which you have been found eligible.*

- ESOPHAGEAL REFLUX
- MALIGNANT NEOPLASM - NEUROENDOCRINE CARCINOMA

Please note that there are several reasons why an injury that you think should be eligible is not listed above. For non-traumatic injuries, the name of the injury is based on the information provided by the WTC Health Program and there may be different names for the same injury. Additionally, your injury may not be listed if it was only recently certified for treatment by the WTC Health Program.

If in the future the WTC Health Program should notify you that a condition previously found eligible is no longer certified, you must inform the VCF as this may affect your eligibility status and/or the amount of your award.

What Happens Next

You submitted the Compensation portion of your claim form. The VCF will contact you if additional information is needed in order to calculate your award. **If you believe your new condition(s) changes your compensation claim**, you should amend your claim. For example, if your new condition is the reason you are not able to work, you should provide that

September 11th

information to the VCF by amending your claim. Please see the www.vcf.gov website for additional details on how to amend your claim.

If your newly eligible condition(s) does not change your compensation claim, you do not need to take any action at this time.

If you believe you have eligible injuries that are not being treated by the WTC Health Program and you would like the VCF to consider those injuries before calculating your award, you should amend your claim. If you choose to amend your claim, you must first seek certification for the condition(s) from the WTC Health Program. Seeking certification for your condition provides the VCF with the necessary evidence that the condition is eligible for compensation. Please note, however, that because additional certifications do not necessarily impact the amount of your award, we recommend that you wait to receive your award letter to determine whether to seek certification for any additional condition(s).

If you have questions about the information in this letter or the claims process in general, please call our toll-free Helpline at 1-855-885-1555. For the hearing impaired, please call 1-855-885-1558 (TDD). If you are calling from outside the United States, please call 1-202-514-1100.

Dear NANCY BUKOWSKI:

The September 11th Victim Compensation Fund ("VCF") previously determined that the claim you submitted on behalf of JOHN DEVLIN was eligible on June 6, 2014. Your claim number is VCF0071849. During subsequent review of your claim, it was discovered that no letter was ever sent to notify you of the VCF's eligibility determination and the list of conditions that were deemed eligible as part of that determination. This letter provides the complete list of conditions for which you are eligible for compensation.

The Decision on your Claim

The VCF has determined that you meet the eligibility criteria established in the statute and regulations. Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, you have been found eligible for the injuries listed below. *This list includes all injuries for which you have been found eligible.*

- CHRONIC LARYNGITIS AND LARYNGOTRACHEITIS
- ESOPHAGEAL REFLUX
- EXTRINSIC ASTHMA, UNSPECIFIED
- MALIGNANT NEOPLASM OF BASE OF TONGUE
- Injuries that were found eligible by the first iteration of the September 11th Victim Compensation Fund that operated from 2001 to 2004 ("VCF1")

Although your VCF1 injuries are again eligible under the current VCF, it does not necessarily mean that you are entitled to receive additional compensation. Because you were previously compensated by VCF1 for some or all of these injuries, you must show that the condition has worsened, that you have been diagnosed with a new condition, or that you have a new loss associated with a previously eligible condition. For example, if you have been determined to be disabled from these conditions since receiving your VCF1 award and that award did not include future lost earnings, you may be eligible for that loss now. Note that the amount of compensation you received in VCF1 will be considered when determining whether additional compensation should be awarded. As a general rule, the compensation you receive in VCF2 will be calculated based on the amount of compensation any similarly situated person who filed a claim only in VCF2 would receive; any compensation you received in VCF1 will then be applied as an adjustment to the award. For more information regarding the ability to participate in the VCF after submitting a claim in VCF1, please see the www.vcf.gov website.

Please note that there are several reasons why an injury that you think should be eligible is not listed above. For non-traumatic injuries, the name of the injury is based on the information

provided by the WTC Health Program and there may be different names for the same injury. Additionally, your injury may not be listed if it was only recently certified for treatment by the WTC Health Program.

For example, if your new condition is the reason you are not able to work, you should provide that information to the VCF by amending your claim. Please see the www.vcf.gov website for additional details on how to amend your claim.

If your newly eligible condition(s) does not change your compensation claim, you do not need to take any action at this time.

If you believe you have eligible injuries that are not being treated by the WTC Health Program and you would like the VCF to consider those injuries before calculating your award, you should amend your claim. If you choose to amend your claim, you must first seek certification for the condition(s) from the WTC Health Program. Seeking certification for your condition provides the VCF with the necessary evidence that the condition is eligible for compensation. Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, the decedent has been found eligible for the following injuries:

- MALIGNANT NEOPLASM BRONCHUS&LUNG UNSPEC SITE AND RELATED PHYSICAL CONDITIONS: CHRONIC AIRWAY OBSTRUCTION NEC
- MALIGNANT NEOPLASM OF THYROID GLAND

Please note that there are several reasons why an injury that you think should be eligible is not listed above. For non-traumatic injuries, the name of the injury is based on the information provided by the WTC Health Program and there may be different names for the same injury. Additionally, your injury may not be listed if it was only recently certified for treatment by the WTC Health Program.

If in the future the WTC Health Program should notify you that a condition previously found eligible is no longer certified, you must inform the VCF as this may affect your eligibility status and/or the amount of your award.

What Happens Next

If the decedent was certified for treatment by the WTC Health Program for a condition not listed above, you should amend your claim. Please see the VCF website for details on how to amend your claim. The VCF will review the new information and determine if it provides the basis for a revised decision.

compensation, you should amend your claim. If you choose to amend your claim, you will need to use the VCF Private Physician process. The Private Physician process is a way for the VCF to gather the required information about the decedent's treatment in order to process your claim. All forms are available on the VCF website under "Forms and Resources." The website also includes detailed information and instructions on the Private Physician process.

If the decedent did not have injuries other than those listed above, you should submit your Compensation Form and required supporting materials. If you have already submitted your Compensation Form, you do not need to take any action at this time unless you receive a request from the VCF for missing information. The VCF will calculate the amount of any compensation based on the conditions listed above after all compensation-related documents are submitted.

Dear LEANNA PETRONE:

The September 11th Victim Compensation Fund ("VCF") has reviewed your Eligibility Form. You submitted an Eligibility Form on behalf of ROBERT PETRONE. Your claim number is VCF0096789. Your Eligibility Form was determined to be substantially complete on January 25, 2018. As stated in the Regulations and on the claim form, by filing a substantially complete Eligibility Form, you have waived your right to file or be a party to a September 11th-related lawsuit on behalf of the decedent and his or her survivors.

The Decision on your Claim

The VCF has determined that the decedent has met the eligibility criteria established in the statute and regulations. Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, the decedent has been found eligible for the following injuries:

- MALIGNANT NEOPLASM OF BLADDER PART UNSPECIFIED

Please note that there are several reasons why an injury that you think should be eligible is not listed above. For non-traumatic injuries, the name of the injury is based on the information provided by the WTC Health Program and there may be different names for the same injury. Additionally, your injury may not be listed if it was only recently certified for treatment by the WTC Health Program.

If in the future the WTC Health Program should notify you that a condition previously found eligible is no longer certified, you must inform the VCF as this may affect your eligibility status and/or the amount of your award.

What Happens Next

If the decedent was certified for treatment by the WTC Health Program for a condition not listed above, you should amend your claim. Please see the VCF website for details on how to amend your claim. The VCF will review the new information and determine if it provides the basis for a revised decision.

If you believe the decedent had eligible injuries not treated by the WTC Health Program and you would like the VCF to consider those injuries before calculating the amount of any compensation, you should amend your claim. If you choose to amend your claim, you will need

Dear PATRICIA THOMASIAN:

The September 11th Victim Compensation Fund ("VCF") has reviewed your Eligibility Form. Your claim number is VCF0072664. Your Eligibility Form was determined to be substantially complete on March 31, 2017. As stated in the regulations and on the claim form, by filing a substantially complete Eligibility Form you have waived your right to file or be a party to a September 11th-related lawsuit.

The Decision on your Claim

The VCF has determined that you meet the eligibility criteria established in the statute and regulations. Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, you have been found eligible for the following injuries:

- ASTHMA, UNSPECIFIED, UNSPECIFIED STATUS AND RELATED PHYSICAL CONDITIONS: OTHER DISEASES OF LUNG NOT ELSEWHERE CLASSIFIED
- ESOPHAGEAL REFLUX AND RELATED PHYSICAL CONDITIONS: OBSTRUCTIVE SLEEP APNEA
- UNSPECIFIED SINUSITIS AND RELATED PHYSICAL CONDITIONS: OBSTRUCTIVE SLEEP APNEA

Please note that there are several reasons why an injury that you think should be eligible is not listed above. For non-traumatic injuries, the name of the injury is based on the information provided by the WTC Health Program and there may be different names for the same injury. Additionally, your injury may not be listed if it was only recently certified for treatment by the WTC Health Program.

amend your claim. The VCF will review the new information and determine if it provides the basis for a revised decision.

If you believe you have eligible injuries that are not being treated by the WTC Health Program and you would like the VCF to consider those injuries before calculating your award, you should amend your claim. If you choose to amend your claim, making an appointment with the WTC Health Program and seeking certification for your condition is the best way to get the necessary evidence that you have an eligible condition for purpose of obtaining compensation from the VCF.

If you do not have injuries other than those listed above, you should submit your Compensation Form and required supporting materials. If you have already submitted your Compensation Form, you do not need to take any action at this time unless you receive a request from the VCF for missing information.
